Committee on Economic Development and
Economic Cooperation with the Mainland**

Strategic Issues that May be Discussed at Future Meetings

The Government has listened to a wide range of views on the strategic issues that should be discussed by this Committee and would like Members to consider whether the following items may be discussed at future meetings:

- (a) Promoting the development of creative industries
- (b) Challenges to Hong Kong's position as an international logistics hub in air and sea passenger and cargo business and our strategies
- (c) Strengthening Hong Kong's edge as a leading international financial centre and in serving the Mainland
- (d) Strengthening Hong Kong's linkages with the international community in the context of globalization and regionalization
- (e) Circulation and integration of talent from the Mainland, overseas and Hong Kong
- (f) Enhancing Hong Kong's economic competitiveness
- (g) Promoting fair competition
- (h) Development of the border area
- (i) Reindustrialization
- (j) Improving Hong Kong's business environment
- (k) Tax reform

2. Members are welcome to suggest other items for discussion.
